

# LEG 22 - 8.3 MILES - CHALLENGING

Ex 22 opens: 12:15 am  
Run side: **LEFT, facing traffic**

No Cell Coverage

Safety equipment  
hours: 7pm to 7am

**Leg Description:** This is a really long, but nice gentle roller along the Coquille River. Very scenic; that's probably why they call this place Eden Valley? Be very careful, you are sharing this Rd with a very stacked course here; enjoy the camaraderie.

**Surface:** Asphalt, broken in places

**Van Instructions:** We are going to continue to be pretty tight all the way through these next two legs. Please be alert, difficult to do with no sleep and 2 – 4 am. But it is really important to keep everyone safe at this point in the relay. This can be the most fun part of the relay for lots of p42eople. Let's help keep it safe. Support runners by pulling completely off the Rd and don't spare the cowbell for those slower teams you are passing.

**From the Eden Valley Campground:**
